

365 Days of Colour with Nick Bailey

Focusing on proven techniques Nick has developed over 25 years, the course combines the art and science of growing for year-round colour.

Initially focusing on the fascinating science of how plants have evolved to make and use colour, he goes on to explore the role of colour in the garden and how gardeners can employ simple artistic ideas, such as the colour-wheel, to inform their plant groupings across the seasons.

Not limited to flower colour Nick will also explore the impact of foliage and the dynamic colours, textures and backdrops it can provide. The course also has a strong focus on extending flowering seasons and THE longest flowering plants in the UK, along with exploring a wide range of unusual but easy-to-grow plants which will deliver the elusive dream of 365 Days of Colour in Your Garden.

- * This course is taught by Nick Bailey
- * It is held at Perch Hill Farm TN32 5HP
- * The day lasts from 10.30 till 3.30 including tea/coffee on arrival, morning tea/coffee break with home-made biscuits and a delicious 2 course lunch using fresh produce from the garden at Perch Hill.

Parking at Perch Hill Farm

We are looking forward to welcoming you to Sarah Raven's Cutting Garden at Perch Hill Farm, which is the home of Sarah Raven, Adam Nicolson and their family. Parking for courses, garden visits and garden open days will be in the grass field next to the Cutting Garden, as the family car park does not fit a large number of cars. Please do wear suitable shoes or boots, particularly at the wet times of year, as the grass may be muddy. The paths are sometimes slippery and a little uneven, so please take care.
