

## Grow Your Own Cut Flowers, 25 Years On at The Tithe Barn, Symondsburry Estate

This is my classic course for those who have been thinking about creating an intensive cutting patch, or just growing a few flowers to pick for the house. I'll pass on all my knowledge based on 25 years of growing and trialling huge numbers of different cut flowers.

I'll explain how to prepare, plant, maintain and harvest buckets of flowers from your garden from March through to November. We'll cover hardy and half-hardy annuals, biennials and sweet peas as well as dahlias and summer-flowering bulbs. You will also learn the best sowing and growing techniques so you can achieve easy yet brilliant results and plant rotation through the seasons to make the most of whatever space you have, little or large. We'll also cover flower conditioning techniques to make all your cut flowers last well in the vase.

- ✿ This course is taught by Sarah with assistance from Arthur Parkinson and Caroline Nevile. It is a lecture with slides format, with some practical demos.
- ✿ It is held at The Tithe Barn, Symondsburry Estate, Nr Bridport, Dorset DT66HG
- ✿ The day lasts from 10.30 till 3.30 including tea/coffee on arrival, (from 10am for 10.30 prompt start) morning tea/coffee break and a simple 2 course lunch using recipes from Sarah's cookbooks (cordial, not wine served with lunch... we find people tend to fall asleep after lunch if we serve wine...) You will also get a course hand-out covering all the information Sarah teaches on the day.
